

SEYMOUR DAILY REPUBLICAN

VOLUME XXXIX NO. 115

SEYMOUR, INDIANA, THURSDAY, MAY 13, 1920.

PRICE TWO CENTS.

COUNTY CHAIRMAN NAMED DELEGATE

D. H. Lett One of the Two Fourth District Representatives to National G. O. P. Conclave.

WILL VOTE FOR LEONARD WOOD

District Given Other Recognition in Organization of Republican State Convention.

Dr. Haskell Lett, of this city, chairman of the Jackson county Republican organization, will be one of the two delegates from the Fourth district to the Republican national convention to be held in Chicago next month. His selection was made at a meeting of the Fourth district delegates to the state convention at a conference Wednesday night. Estel Beilby, of Lawrenceburg, was chosen as the other national delegate from the Fourth district. Henry E. Nickols, of Madison, and Benjamin Bledsoe, of Vevay, were named as alternates.

Although the two delegates from the Fourth district were not instructed as to how they should vote in the presidential nomination, they announced that they would support Leonard Wood for the nomination as long as his name was before the convention. This action was taken inasmuch as Wood had a plurality in the Fourth district in the recent primary election and such support to Wood would only be carrying out the desire of the majority of Republicans in the district.

Delegates from the Second, Seventh and Twelfth districts were instructed for Wood while the Tenth and Eleventh district delegates were instructed for Johnson. The First, Third, Fourth, Fifth, Sixth, Eighth, Ninth and Thirteenth district delegates to the national convention were not given definite instructions. Of this group, however, the Fourth and Fifth district delegates will support Wood.

After the Fourth district delegates elected Estel Beilby, of Lawrence and Dr. Haskell Lett, of Seymour, as delegates to the national convention they abled a resolution asking that the two men be instructed to vote for Maj. Gen. Leonard Wood as long as his name was before the Chicago convention.

The selection of two delegates came only after a warm contest. Both Mr. Beilby and Dr. Lett announced that they would support Gen. Wood, who carried the Fourth district, as long as there was a chance for him to win. Joseph Andrews of Seymour, and Thomas E. Davidson of Greensburg, who declared they would support the general throughout the convention, were defeated. The vote was as follows: Beilby, 78; Lett, 67; Andrews, 37, and Davidson, 32. The delegates also passed a resolution urging the nomination of W. G. Oliver, of Franklin, candidate for auditor of state, and pledged the district to support him in the convention.

The Fourth district Republicans received recognition in other ways at the state convention. Lucien Harris, of Rising Sun, is a member of the committee on resolutions, and Will G. Irwin, of Columbus, was named a member of the committee

MANY VETERANS FILE FOR TAX EXEMPTIONS

Auditor's Office Receives Numerous Applications for Blanks During March and April.

A large number of veterans and widows of veterans of the Mexican and Civil wars have filed affidavits for tax exemption with the county auditor under the provisions of a new statute. The time for filing the affidavits is during the months of March and April.

Chauncy Lantzenheiser, deputy county auditor, stated that practically every person living in Jackson county who is entitled to such exemption had made application. The affidavits will be acted upon by the board of review.

WHITE RIVER ON UNEXPECTED RISE

Streams and Creeks Swollen Following Exceptional Hard Downpour Late Yesterday.

WATER OVER SEVERAL ROADS

Few Fields in Lowlands Inundated But Farmers Do Not Anticipate Flood Damage.

An unexpected rise of White river and other streams and creeks in the county followed the hard downpour late Wednesday. White river at Rockford rose eight inches in one hour shortly after nightfall and was soon bankful. The river was rising three inches an hour this afternoon. "Water was running over the road west of the Rockford bridge and also at the Schneck farm near the Bell Ford bridge this afternoon. Traffic had not been stopped, however, and it was not believed that the water would reach such height on the roads as to make them impassable.

The Muscatatuck, Storm Creek and Mutton Creek were swollen as a result of the rains Wednesday and some roads in the vicinity of these streams were covered. However, the crest of the high water was expected to be reached in the smaller streams late this afternoon. Farmers owning land in the bottoms do not anticipate serious flood damage. Some of the fields in the lowlands are covered but the water is expected to drain away rapidly so that little damage, if any, will result to wheat and oats fields. Some ground plowed by corn has been inundated, it is reported.

The downpour about 6 o'clock Wednesday night followed showers during the preceding twenty-four hours. The streams and creeks were rising before the storm came late Wednesday and the additional rainfall resulted in the rapid rise of the river which was reported during the early part of the night.

The storm was one of the most severe that has visited this vicinity in recent months. The dark clouds brought lightning and thunder and more than an inch of rain fell in less than thirty minutes. The downpour closely approached a cloud burst in some sections of the county.

No lightning damage was reported in this vicinity although several vivid flashes closely followed by sharp crashes of thunder led many to believe that damage had been done near here. Some hail fell about two miles south of the city but it was not heavy enough to damage crops or fruit trees.

WORK ON POST LIGHTING SYSTEM TO BEGIN MONDAY

W. C. Bevins Electric Company Expects to Have Work Completed Before June 20.

W. L. Clark, of the W. C. Bevins Electric Company which has the contract for the post lighting system in the business district, announces that work on the improvement will begin Monday morning. Some of the concrete bases for the posts were built last fall when the work was interrupted by the weather and other conditions which arose unexpectedly. The concrete work has been delayed this spring until all danger of frost damage is past.

Mr. Clark expects that the post lighting system will be completed before June 20. Some difficulty was experienced early in the spring in finding men to build the system, but the labor problem has now been overcome.

POSTOFFICE FUNDS SAID TO BE SHORT

William H. Trimpe, Postmaster at Waymansville, Arrested on Federal Grand Jury Indictment.

RELEASED UNDER \$2,000 BOND

Accounts Said to Show Discrepancy of \$504—May be Result of Faulty Bookkeeping.

Will H. Trimpe, postmaster at Waymansville, was arrested Wednesday by deputy United States marshals, charged with the embezzlement of postoffice funds. The arrest was made on a federal grand jury indictment which was recently returned. Trimpe is said to be short \$504.86. He is well known in Seymour and Jackson county. Waymansville is located in Bartholomew county, a few miles north of the Jackson county line, and a number of Jackson county people get their mail through the postoffice there.

Immediately following his arrest Trimpe was released under \$2,000 bond which he had no difficulty in providing. He will be arraigned in the near future in federal court in Indianapolis.

Reports that the affairs at the Waymansville postoffice were not running smoothly have been heard for several days. The reports were in circulation following the appearance of a postoffice inspector there. The alleged shortage is said to have been discovered during the middle part of January.

Friends of Trimpe say that if the discrepancy alleged materializes it is due to faulty bookkeeping rather than to any effort on the part of the postmaster to misappropriate postoffice money. Trimpe is engaged as an undertaker and has other business at Waymansville and it is thought by some that he has permitted the accounts of his several business enterprises to become confused so that an accurate accounting of postoffice funds could not be made at the time the postoffice inspector visited his office.

COUNTY PRACTICALLY FREE OF CONTAGIOUS DISEASES

Only Few Cases of Smallpox in Redding Township—Influenza Epidemic Has Disappeared.

Dr. D. J. Cummings, of Brownstown, county health officer, stated today that the county is practically free of contagious diseases. With the exception of a few cases of smallpox and diphtheria there are no serious cases in Jackson county.

The smallpox victims in this city have all recovered and the city health officers report that the health condition of the city is good. The influenza epidemic has disappeared.

LEGION OFFICERS WILL INSIST ON SOLDIER AID

Executive Officers Will Remain in Washington Until Congress Takes Definite Action.

By United Press.

Washington, May 13—The executive committee of the American Legion has been called to Washington next week in an effort to force through congress a soldier bonus before congress recesses, it was learned today at Legion headquarters here.

Plans are for the committee which is composed of representatives from all states, to continue in session until the measure is passed or until recess is taken which will probably be early in June. If the measure fails a delegation will be sent to each of the national conventions to obtain approval of the soldier bonus plan.

DANIELS CHARGES CABLE WAS FORGED

Secretary of Navy Says Message Bearing His Name Was Not Authorized.

RELATIVE TO CONVOY SYSTEM

Original Cablegram, Witness Tells Senate Committee, Bore Signature of A. F. Carter.

By United Press.

Washington, May 13—Secretary Daniels today, charged Rear Admiral Sims with introducing a forged cablegram as evidence in the senate naval investigation.

The cable as offered by Sims bore the signature of "Daniels" but the secretary today offered the original copy of the cable and denied it bore his name. The dispatch in question related to the convoy systems and held that vessels having armed guards were safer sailing independently. Daniels said the original bore the signature of A. F. Carter of the bureau of naval operations.

The instigator of this attempt to fix upon the civilian secretary a telegram signed by another official ought to be produced by Admiral Sims, who produced this altered telegram and who owes an apology to me and to the country for the impression undertaken to make by his testimony based upon a false signature," Daniels told the committee.

"This shows that somewhere somebody was guilty of signing my name to an official dispatch which the original here produced shows I never signed, or of altering a dispatch by erasing the signature and substituting 'Daniels.'"

"I knew that I had never sent such a telegram. I knew that if my name appeared upon such a telegram it would be because somebody had forged my name to it. The dispatch had been sent to London through the British embassy which had retained the original copy."

The sentence in the cable to which Daniels took exception read:

"In regard to convoy, I consider that American vessels having armed guards are safer when sailing independently."

Daniels also told the committee that Sims opposed using the Le-Vianth as a troop transport for the reason that it offered too large a target. Later he insisted that it be sent to a British port asserting no French ports were suitable. The department accepted this advice and on her first trip she stuck in the mud in Liverpool and had to wait a month until the Lunar tide came in before she could be floated Daniels said.

Daniels went into his charge previously made that Sims was more solicitous about the safety of merchant ships than of troop transports.

"If I had believed that Admiral Sims cherished any such idea," Daniels said, "that he valued supplies more than the lives of American soldiers; that he was willing to endanger troop transports in order to save cargo ships, he would have been instantly removed from command."

He quoted Sims as writing to Admiral Bayly, British commander that Daniels' insistence on safety of troops was "largely political."

CROTHERSVILLE MAY HAVE A COMMUNITY HOUSE SOON

Prominent Citizens Behind Move to Raise Funds for A Public Building There.

The town of Crothersville, which has some of the liveliest business men in the southern part of Indiana, may have a community house soon. Several prominent citizens there are interested in a movement to raise funds to erect the public building and equip it in the most modern manner for the benefit of the residents of that place. It is understood that some of the most prosperous residents have agreed to contribute liberally for the purpose and it is believed that the necessary amount of money can be raised by solicitation, a campaign for which will likely be waged shortly.

PLATFORM CALLS FOR BUDGET SYSTEM

Republican Convention Stands for Legislation to Encourage Ownership of Homes.

AMENDMENT OF THE TAX LAW

Rapid and Material Reduction in Federal Taxes Urged in State Platform.

By United Press.

Indianapolis, May 13—Following are the heavy planks in the platform of the Indiana branch of the republican party as adopted by the convention today:

The correction of defects in the state tax law.

The passage of a "blue sky" law. A budget system for state and nation.

The erection of a soldiers' memorial building, without specifying headquarters for the American Legion.

Federal provisions for the promotion of privately owned and operated merchant marine.

Legislation to encourage the ownership of farms and homes.

Economy in the state administration.

Enactment of such laws, or amendment of present laws, to compel proper construction and maintenance of highways.

Increased salaries for teachers. Amendment of the primary law. Woman suffrage.

The appointment of women to state board.

A protective tariff.

Better housing, health and recreational conditions.

Improvement of labor conditions including better child labor laws and laws limiting the hours of work by women.

A rapid and material reduction in federal taxes.

A progressive program for the betterment of the school system.

The deflation of currency together with increased production, as a means of reducing the high cost of living.

Private ownership of railroads.

The restriction of immigration.

A small standing army, with a trained citizens reserve.

A tribunal for the arbitration of international disputes.

A fixed and forceful policy in solving Mexican problems through diplomatic agencies.

EIGHT STILL ARE FOUND IN RAID ON BLANFORD

Federal Prohibition Officers Swoop Down on Little Mining Town.

By United Press.

Clinton, Ind., May 13—Ten coal miners today faced charges of violating the liquor laws as the result of a "dry" raid on Blanford, a small mining town near here, yesterday.

Eight stills, sixty gallons of whiskey, and large quantities of raisin mash were confiscated. Some of the stills were still in operation when thirty government prohibition agents and county officials swooped down on the town in automobiles.

The raiders left Clinton in four automobiles apparently for a joy ride and each machine visited a different section of the town. Officers entered a small dilapidated miners shack and found a sub-cellar which they said concealed two stills, both in operation. The sub-cellar was reached by a spiral stairway and the officers found their way out of the place through a tunnel which had its exit in an abandoned well.

This is the second prohibition raid that has been conducted against Blanford. All of those arrested yesterday were foreigners, mostly Italians.

BEVERIDGE NAMED ONE OF "BIG FOUR"

Republican State Convention Also Selects Watson, New and Goodrich as Delegates-at-Large.

WASMUTH SURRENDERS PLACE

Primary Choice of Watson and McCray Ratified—Changes in Platform.

BULLETIN.

By United Press.

Indianapolis, May 13—Indiana's four delegates-at-large to the Republican national convention were instructed by the state convention this afternoon to vote for Major General Leonard Wood "as long as he has a fair and reasonable chance to be nominated." The vote was 753 in favor of instructions and 746 against.

By United Press.

Indianapolis, May 13—The first gun in the battle for Indiana's delegation to the national Republican convention was fired by Mayor Charles Jewett, of Indianapolis, at the state convention here today when he moved that the state's four delegates-at-large be instructed for Major General Leonard Wood. This started a battle of oratory.

Just prior to this the convention had nominated Senators James Watson and Harry New, Governor Goodrich and former Senator Beveridge to comprise the "big four."

It also had ratified the primary choice of Senator Watson as the party nominee for the senatorial race and Warren T. McCray for the governorship.

John B. Arbazette of Terre Haute and L. C. Huesmans, of Indianapolis, were elected presidential electors at large without opposition. Edward McClure North Vernon, and Thomas Roberts of Lake county, were named contingent electors at large without opposition. Balloting for lieutenant governor was started about 3 o'clock this afternoon.

The convention named as alternates to the national convention State Chairman Wasmuth, Mrs. Charles Carlisle, of South Bend, Mrs. Joseph Keating, of Indianapolis, and W. H. Gaines, of Evansville. All the nominations were made by Congressman Will R. Wood of the Tenth congressional district.

The opening of the convention was delayed more than an hour by the second meeting of the committee on resolutions which drew up the platform at an all night session. It had forgotten to include planks in endorsing the administration of Governor Goodrich and the activities of Senators New and Watson and the others of the state's representatives in congress. This was done before the convention opened and the platform went forth without a hitch. Frederick Shortemeier of the state committee, announced the certified primary vote as follows:

For President—Wood, 85,708; Johnson, 79,840; Lowden, 39,627; Harding, 20,872.

For Governor—McCray, 109,000; Fessler, 63,737; Toner, 41,175.

Clem Miller, of Rush county, moved that the convention ratify the primary senatorial choice of Watson and Edward Toner who ran against McCray in the governorship, moved the latter's ratification. Both motions carried unanimously.

Senator Watson announced that he and others of the "regular" slate for the "big four" would vote for General Wood at the convention, but

Choice of Socialists for Presidential Nominee.

By United Press.

New York, May 13—Eugene V. Debs who is serving sentence for violation of the espionage act in the Atlanta penitentiary was today nominated as the presidential candidate for the Socialist party. The vote of the convention was unanimous. The nominating committee decided upon Seymour Steedman, Chicago, as the vice-presidential nominee.

LIBRARY NOTES

NEW BOOKS.

Many readers enjoy the story of real life far more than fiction, for such we recommend "Far Away and Long Ago" by W. H. Hudson. This is the story of the romantic childhood of an English naturalist brought up on the Argentine pampas in the days of the tyrant Rosas. He has woven into his story, the natives the trees and birds, Buenos Aires in the forties and English family life in a picturesque manner.

"Reynard the Fox"—by John Masefield is a rhymed narrative of a society fox hunt. Good description. One centers into the joy of the chase.

For Fiction we have "The Builders" by Ellen Glasgow. This is a picture of American life in the last two years, dealing with political problems directly before us.

"Honeycomb" by D. M. Richardson is the third book in a series called Pilgrimage.

"Miser's Money"—By E. Phillips tells of a misanthrope's conflict with Youth.

"Blennerhassett"—A romance founded upon events in American history.

JUVENILE.

"Fairy Friskie"—Story of Insects Short history of "Discovery"—From the earliest times to the founding of Colonies in American Continent.

"Findings for Thankings"—Susan Hale.

"Mother Goose Children"—Blaisdell.

"Child Life"—A reader.

TWO LOCAL MEN ARE HONORED AT PURDUE

Albert Williams Elected President of Athletic Association and C. M. Thompson Secretary.

Albert Williams, son of Mr. and Mrs. J. L. Williams, has been elected president of the Purdue University Athletic Association and C. M. Thompson, son of Mr. and Mrs. J. B. Thompson, of Cortland, was elected secretary of the organization.

Concerning the election of officers which was held Tuesday the Purdue Exponent contained the following article:

H. A. Williams, '21, was elected president of the Purdue Athletic Association in the election held yesterday in front of University Hall. E. N. Baldwin, '22, was chosen vice-president and C. M. Thompson '22, was elected secretary. Over 600 students voted in the election which was held from 8:00 a. m. to 4:30 p. m. All holders of P. A. A. companion books were eligible to vote.

Williams, the president elect, is a Junior in the School of Chemical Engineering, a member of the Junior Prom committee and the chemi-

cal Engineering Society. His home is in Seymour.

The new vice-president, Baldwin, is a member of the Y. M. C. A. Cabinet, Irving Literary Society, American Association of Engineers and the American Society of Mechanical Engineers. He is a Sophomore in the School of Mechanical Engineering and lives in Jeffersonville.

C. M. Thompson, who was chosen secretary, was vice-president of the Egg show committee, assistant to the business manager of the Agricultural Society and Irving Literary So-

ciety. He is a member of the Phi Delta Theta fraternity and is a Sophomore in the School of Agriculture. His home is in Seymour.

No More Corn Suffering

"Gets-It" Never Leaves a Corn On Any Foot For Very Long.

The hurting "pep" goes right out of that corn the moment a few drops of "Gets-It" lands thereon. It is through, and "for keeps."

Corns and "Gets-It" Can't Live Together

You'll have no more pain but will notice the corn getting loose and wobbly. In a day or so, you lift it right off without any feeling. That's the end of the corn and of your troubles. Millions have proved "Gets-It" to be the one and only unfailing, common sense corn remover. Why not you? "Gets-It" costs but a trifle at any drug store and carries a money-back guarantee. Mfd. by E. Lawrence & Co., Chicago.

Sold in Seymour and recommended as the world's best corn remedy by C. E. Loerts and E. F. Maxon.

PUBLIC CONTRIBUTION TO PAY FUNERAL EXPENSES

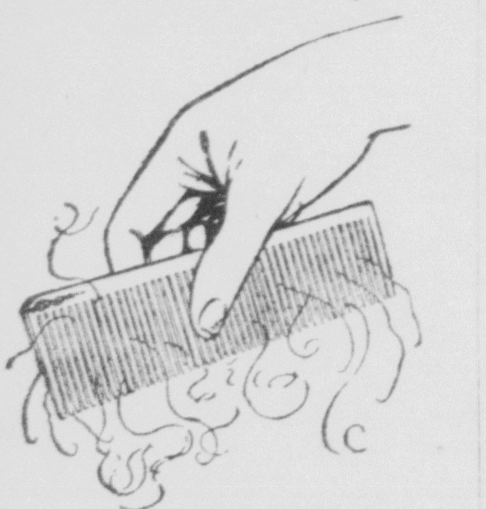

Funeral of William Howard Largely Attended at Crothersville Wednesday Afternoon.

The funeral of William Howard, aged about sixty-five years, who dropped dead while working in a garden at Crothersville Tuesday morning, was held at that place Wednesday afternoon. Howard, for many years, spent the winter at the county poor farm and worked at odd jobs at Crothersville in the summer months and was known by every man, woman and child in that town and was respected by all. The citizens of Crothersville made up a fund to pay his funeral expenses. The funeral was conducted from the Methodist church there and was largely attended.

Virgil E. Craig, trustee of Vienna township, was in the city today.

REPORTS SHOW GROWTH OF MISSIONARY SOCIETIES

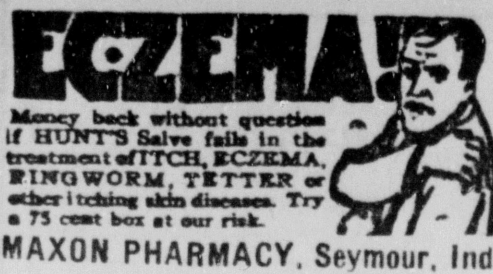

Mrs. Charles Gysie, of Columbus, Named President of M. E. District Organization.

Mrs. Charles Gysie, of Columbus, was re-elected president of the Seymour District Missionary Societies at the convention which closed Wednesday afternoon at Hope. Other officers elected were Mrs. H. L. Byers, of Morgantown, vice-president; Miss Bertha Poindexter, Jeffersonville; second vice-president, Mrs. Charles Peters, Morgantown; corresponding secretary; Mrs. C. F. Leutenheiser, Brownstown, recording secretary; and Mrs. George A. Blessing, Columbus, treasurer.

Sessions were held Tuesday evening, Wednesday morning and afternoon and interesting programs were carried out. The meetings were held in the Methodist church at Hope. Mrs. L. T. Freeland, of this city, gave an interesting address at the Wednesday morning session "Evangelism." Her address is said to have been one of the best given at the meeting. Mrs. Freeland also had charge of the devotions and quiet hour Wednesday afternoon. Mrs. L. D. Weathers, of Indianapolis, gave an address Tuesday evening on "Home Missionary Work." Mrs. Weathers is a former resident of Brownstown.

Reports given by the various department secretaries indicated a large increase in the finances of the auxiliaries as well as in the membership.

Those from this city who attended the meeting were Mrs. Freeland, Mrs. J. F. Tunley and Mrs. D. W. Wilson.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

In the treatment and cure "Without the use of the knife" of Piles, Fistula, Erysipelas, Rupture, Chronic Diseases of the Kidneys, Bladder, Obstruction, Rheumatism, Stomach, Bowels and other curable Chronic Diseases.

NO MATTER HOW OBSTINATE OR HOW CONTRACTED—CURED.

When I say I can cure, you can depend upon it, for I know from the successful results in thousands of similar cases to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others, and this is why I possess such a large practice.

Men, Women! If you do less than you should on your farm, at your desk, or in your shop, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected, or unknown conditions are usually diseases of the Pelvic System, which reflexly act upon the organs of elimination, digestion and the nervous system, which in turn has its influence on the brain. I have made a special study of the Nervous System, and have perfected methods that will cure where ordinary methods have failed. Ella Mae Kruwell.

As the time for the closing of school draws near the thoughts of teachers and pupils are intent upon finishing the year creditably, and all students are working diligently.

The Seniors and Juniors are looking forward to commencement festivities, and the underclassmen and Junior high school pupils have planned class picnics.

The 8A's, chaperoned by Mrs. O. O. Swails picnicked at Rapp's Grove Friday afternoon. The 7B's are also planning an outdoor frolic.

The Juniors met yesterday and decided to hold their annual picnic. They are planning to go to Rapp's Grove but if the weather is unfavorable they will use the gymnasium.

The Sophomores intend to have a picnic Thursday evening at Short's Grove.

About thirty Seniors are planning to spend the week at the Brown county cabins. The trip will be made in autos.

The Botany class intended to spend Wednesday in Henryville but the trip was postponed because of the rain.

Several of the High School students attended the ball game at Columbus Friday which decided the championship in favor of Columbus.

Last Friday night the losing team in the Patriot selling contest entertained the winning team. The faculty was invited to attend. A two course luncheon was served. Toasts were given by different members of the basket ball team, Patriot staff and faculty.

Kenneth Greeman, a member of Purdue University, gave the Seniors a very interesting talk concerning Purdue and its affairs. He also passed out pictures of the various buildings and enlistment cards. Many of the Senior boys filled out these cards.

Tuesday night the two casts for the class play met under the direction of Mr. Rhodes. The members of the casts will be published later.

Why is an Advertisement ???

When the baby laughs, when the sun shines, when the flowers bloom, when dinner sends out its inviting aroma; when anyone of ten thousand things happen which attract your attention and gain your interest, you are being advertised to.

And that is the "why" and the whole purpose of any advertisement; to gain your attention, secure your interest, arouse your desire; to tell you something you don't know, to remind you of something you have forgotten, to convince you of something concerning which you have been hesitating, to help you get the best at the least cost.

Why is an advertisement? You can wrap the whole question up in a few words: To make you happier. Think it over, and see if you don't find that to be the true answer.

SCIENTISTS MAKE NEW CASTOR OIL REALLY TASTELESS

Remarkable Process Improves Famous Old Family Remedy.

Nobody ever dreamed that castor oil could be made tasteless. But the chemists of Spencer Kellogg & Sons, Inc., one of the largest manufacturers of castor oil, tackled the problem and succeeded in perfecting a process by which the taste is absolutely removed. Today everybody can take castor oil easily, for Kellogg's Tasteless Castor Oil is really tasteless. Nothing is put in to disguise the taste. Strength and purity are unchanged. Curative, healing, and soothing qualities remain the same. It's the same good, old-fashioned castor oil that your doctor always prescribes, with the taste removed. Children take Kellogg's Tasteless Castor Oil easily. No bribing or coaxing. You can now get Kellogg's Tasteless Castor Oil at all good druggists. Do not accept substitutes, if you want a really tasteless castor oil. Insist on Kellogg's Tasteless Castor Oil... Two sizes, 35c and 65c. (Adv.)

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same. Ask your druggist for three quarters of an ounce of Mentholized Arcline and pour it into a pint bottle, then fill the bottle with water that has been boiled. Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-Feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-Feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

"How's my father?"
"Splendid. I've taken good care of him for you."

"Moir, you're a sweetheart of a girl. I don't know how we ever managed to wiggle along without you." Fraternally—almost paternally—he gave her radiant cheek three light little pats as he strode past her to the private office. He was in a hurry to get to his desk, upon which he could see through the open door a pile of letters and orders, and a moment later he was deep in a perusal of them, oblivious to the fact that ever and anon the girl turned upon him her brooding, Madonna-like glance.

That night Bryce and his father, as was their custom after dinner, repaired to the library, where the bustling and motherly Mrs. Tully served their coffee. John Cardigan opened the conversation with a contented grunt:

"I believe you have something on your mind."

Bryce clipped a cigar and held a lighted match while his father "smoked up." Then he slipped into the easy chair beside the old man.

"Well, John Cardigan," he began eagerly, "I've ripped a big hole in our dark cloud the other day and showed me some of the silver lining. I've been making bad medicine for Colonel Pennington."

"What's in the wind, boy?"
"We're going to parallel Pennington's logging-road."

"Inasmuch as that will cost close to three-quarters of a million dollars, I'm of the opinion that we're not going to do anything of the sort."

"Perhaps. Nevertheless, if I can demonstrate to a certain party that it will not cost more than three-quarters of a million, he'll loan me the money."

The old man shook his head. "I don't believe it, Bryce. Who's the crazy man?"

"His name is Gregory. He's Scotch."

"Now I know he's crazy. When he hands you the money, you'll find he's

HOW'S YOUR BLOOD? Pimples and Eruptions Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and barks, such as Doctor Pierce's Golden Medical Discovery and has been for nearly 50 years. Ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulations begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and many skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

Get Doctor Pierce's Golden Medical Discovery to-day at any medicine dealers, in tablet or liquid form, or send 10c. for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Write Dr. Pierce for free confidential medical advice or for free booklet on any chronic disease.

Grand Rapids, Wis.—"I had stomach trouble for about eight years. Had to be very careful what I would eat or I would be down sick. I suffered something terrible about a year ago. I started to take 'Golden Medical Discovery' and two bottles put me in fine condition. I can eat anything and do not feel distressed. I had taken many medicines previous to this and had doctors prescribe for me, but nothing seemed to give me any relief."—MRS. EMIL OESTREICH, 212 14th Ave., North.

HOW AND WHEN TO TAKE ASPIRIN

First see that the tablets you take are marked with the "Bayer Cross."

To get quick relief follow carefully the safe and proper directions in each unbroken package of "Bayer Tablets of Aspirin." This package is plainly stamped with the safety "Bayer Cross."

The "Bayer Cross" means the genuine, world-famous Aspirin, prescribed by physicians for over eighteen years. "Bayer Tablets of Aspirin" can be taken safely for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Joint Pains, Neuritis, and Pain generally.

Handy tin boxes of 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

talking real money but thinking of Confederate greenbacks."

Bryce laughed. "Pal," he declared, "if you and I have any brains, they must roll around in our skulls like buckshot in a tin pan. Listen, now, with all your ears. When Bill Henderson wanted to build the logging railroad which he afterward sold to Pennington, and which Pennington is now using as a club to beat our brains out, did he have the money to build it?"

"No. I loaned it to him."

"How did he pay you back?"

"Why, he gave me a ten-year contract for hauling our logs at a dollar and a half a thousand feet, and I merely credited his account with the amount of the freight bills he sent me until he'd squared up the loan, principal and interest."

"Well, if Bill Henderson financed himself on that plan, why didn't we think of using the same time-honored plan for financing a road to parallel Pennington's?"

John Cardigan sat up with a jerk. "By thunder!" he murmured. That was as close as he ever came to uttering an oath.

"All right, John Cardigan. I forgive you. Now, then, continue to listen: To the north of that great block of timber held by you and Pennington lie the redwood holdings of the Trinidad Redwood Timber company."

"Never heard of them before."

"Well, timber away in there in back of beyond has never been well advertised, because it is regarded as practically inaccessible. You will remember that some ten years ago a company was incorporated with the idea of building a railroad from Grant's Pass, Ore., on the line of the Southern Pacific, down the Oregon and California coast to tap the redwood belt."

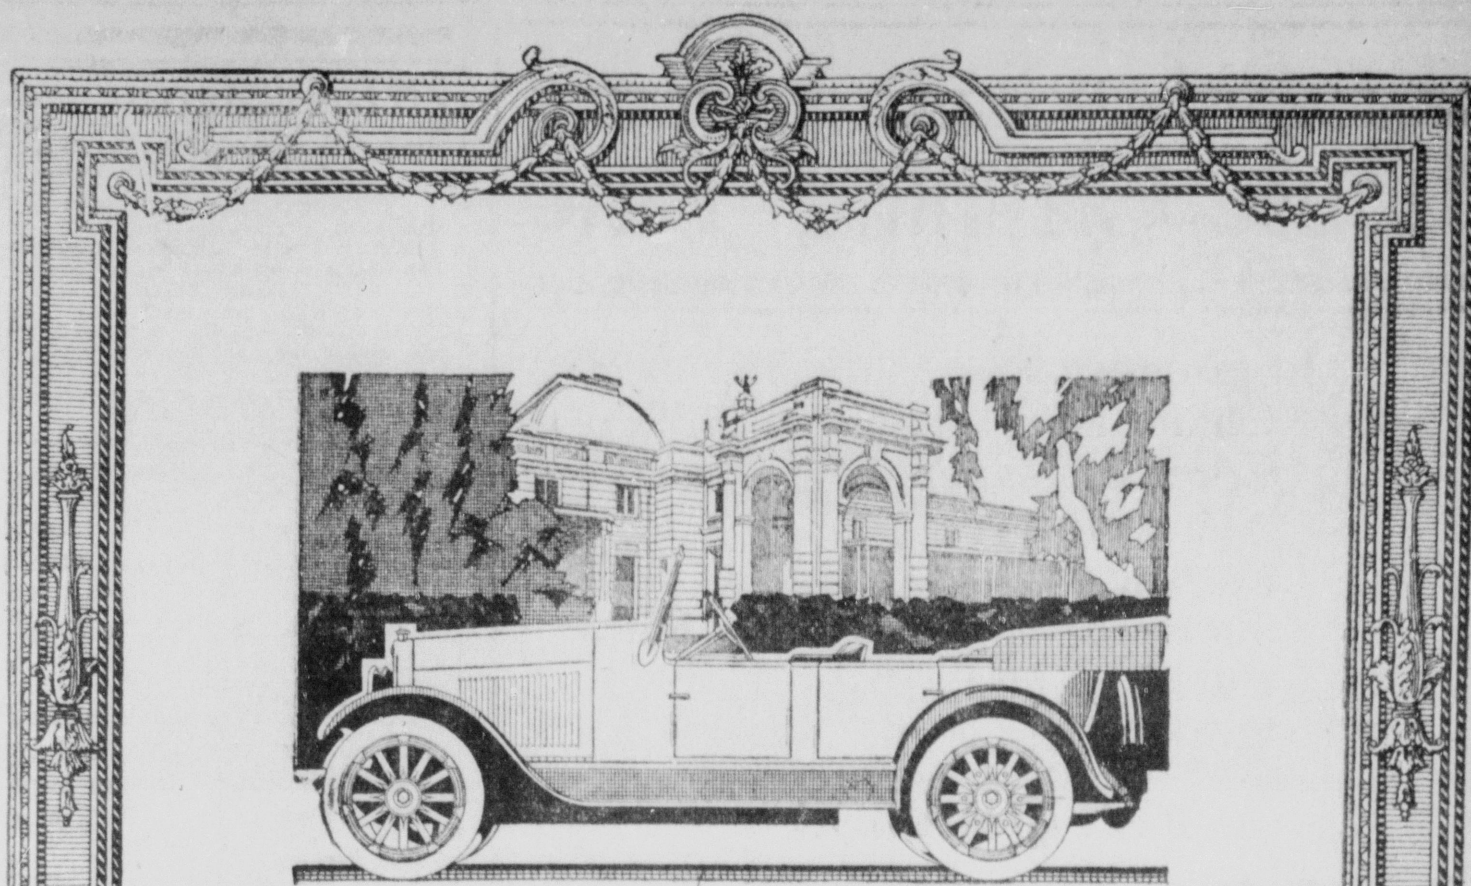

"I remember. There was a big whoop and hurrah and then the proposition died aborning. The engineers found that the cost of construction through that mountainous country was prohibitive."

"Well, before the project died Gregory and his associates believed that it was going to survive. They quietly gathered together thirty thousand acres of good stuff and then sat down to wait for the railroad. And they are still waiting. Gregory, by the way, is the president of the Trinidad Redwood Timber company. He's an Edinburgh man, and the fly American promoters got him to put up the price of the timber and then mortgaged their interests to him as security for the advance. He foreclosed on their notes five years ago."

"And there he is with his useless timber!" John Cardigan murmured thoughtfully. "The poor Scotch sucker!"

"He isn't poor. The purchase of that timber didn't even dent his bank roll. But he would like to sell his timber, and being Scotch, naturally he desires to sell it at a profit. In order to create a market for it, however, he has to have an outlet to that market. We supply the outlet—with his help; and what happens? Why, timber that cost him fifty and seventy-five cents per thousand feet stumpage—and the actual timber will over the cruiser's estimate every time—will be worth two dollars and fifty cents—perhaps more."

"He loans us the money to build our road. We build it—on through our timber and into his. The collateral security which we put up will be a twenty-five-year contract to haul his logs to tidewater on Humboldt bay, at a base freight rate of one dollar and fifty cents, with an increase

The Car Problem is "Gas" HOW CHALMERS SOLVES IT

GASOLINE is steadily going down in grade. Motor car engineers are much concerned. Some have found a remedy by accepting the Chalmers principle of Hot Spot and Ram's-horn.

For this principle has supplied the answer to the problem of "gas."

Hot Spot transforms the raw, inferior "gas" into a fine fuel, simply by "breaking up" the particles into a "cloud."

Ram's-horn, minus abrupt sharp corners, short in length and ingeniously designed, makes the distance "gas" travels from Hot Spot to each cylinder equal.

At a velocity estimated at 100

miles an hour the "gas cloud" is rushed through Ram's-horn and the results are marked:

- Quick starting
- Power
- Smooth action
- Spark plugs seldom foul
- Absence of engine troubles such as burned bearings and scored cylinders.

The sum of results from Hot Spot and Ram's-horn looms large in your mind once you become a Chalmers owner and you, too, will say Chalmers is one of the few great cars of the world.

J. H. Williams & Son

of twenty-five cents per thousand every five years thereafter, and an option for a renewal of the contract upon expiration, at the rate of freight last paid. In addition we sell him, at a reasonable figure, sufficient land fronting on tidewater to enable him to erect a sawmill, lay out his yards and build a dock out into the deep water.

"This Gregory will have that which he hasn't got now—an outlet to his market by water; and when the railroad to Sequoia builds in from the south, it will connect with the road which we have built from Sequoia up into Township nine to the north; hence Gregory will also have an outlet to his market by rail. He can easily get a good manager to run his lumber business until he finds a customer for it, and in the meantime we will be charging his account with our freight bills against him and gradually pay off the loan without pinching ourselves."

WEATHER REPORT.

Cloudy tonight except fair extreme north portion with possibly light frost, Friday part cloudy.

BEVERIDGE NAMED ONE OF "BIG FOUR" (Continued from first page)

only three districts pledged their delegates to vote for the general, while two districts were pledged for Hiram Johnson. The others of the thirteen districts were uninstructed in the caucuses last night and it was up to the convention today to say whether they should be instructed.

Harry G. Hogan, state manager for Wood's campaign, declared he would have a resolution presented pledging the majority of the delegation of thirty to vote for Wood on the strength of Wood's plurality in the primary election. Hogan conceded the delegates from four congressional districts to Johnson, because the Californian carried these in the primary.

State Chairman Wasmuth clarified the political atmosphere considerably by quietly announcing that he would not attend the Chicago convention as a delegate-at-large.

W. A. CARTER INJURED

Falls From Ladder and Sustained Severely Bruised Foot.

W. A. Carter, North Ewing street, sustained painful injuries this morning while working in a garage at the rear of his home. He was endeavoring to store some planks under the roof of the garage and was standing with one foot on a step ladder and the other on board on the garage door. The board slipped and he fell to the concrete floor. His

right heel and leg were severely bruised and sprained. He was taken to the office of a local physician where an X-ray examination of his foot was made. No bones were broken but his injuries proved painful and it will be several days before he is able to get about without the aid of crutches.
